## Important Safeguards

---

**Warning: To guard against injury, basic safety precautions should be observed, including the following:**

1. Read and follow all safety instructions before using this appliance even if you feel familiar with the product. Keep the instructions safe for future reference.
2. Do not attempt any repairs yourself. Return the appliance to an authorised service facility for service or discard the appliance
3. Do not use the pump for reasons other than the intended use. The use of attachments that are not recommended or sold by the pump manufacturer may cause the product to be unsafe. This is not recommended.
4. Do not install or store pump where it will be exposed to temperatures below freezing.
5. Make sure any component mounted on or in a tank is securely installed before operating it.
6. Ensure the correct batteries are installed and replace both batteries when old ones expire.

**Disposal of used Electrical & Electronic Equipment (Applicable in the European Union and other European countries with separate collection systems)**

This symbol on the product or on its packaging indicates that the product must not be disposed of with normal household waste. Instead, it is your responsibility to dispose of your waste equipment by arranging to return it to a designated collection point for the recycling of waste electrical and electronic equipment. By separating and recycling your waste equipment at the time of disposal you will help to conserve natural resources and ensure that the equipment is recycled in a manner that protects human health and the environment. For more information about recycling this product, please contact your local city office, your household waste disposal service or the shop where you have purchased the product.

## Before First Use / Preparation

---

Read and follow all the instructions, even if you feel you are familiar with the product and find a place to keep the instructions handy for future reference. Your attention is drawn particularly to the sections concerning “**IMPORTANT SAFEGUARDS**” and the “**GUARANTEE CONDITIONS**”. Please ensure you retain your original purchase receipt in the event that guarantee service is required.

Carefully unpack the product making sure you keep all the packing material until all the parts of the product have been found and the product has been assembled.

This product was packaged in excellent condition in the factory. Should you find that the product is damaged, has been dropped, or malfunctions in any way, contact the retailer where the product was purchased, for inspection. Please ensure you retain your original purchase receipt in the event that warranty service is required.

## Hints & Tips for Best Results

---

Air Stone:

- Replace the air stone every 6 months or when it shows signs of deterioration.
- If being used in salt water a plastic or ceramic air stone is recommended.

## Trouble Shooting

---

### Pump does not work

1. Ensure switch is in the on position
2. Make certain the batteries are installed correctly
3. Replace both batteries with new ones
4. Check that the air line is not kinked
5. Check air stone and replace if needed.

## Step By Step Guide

---

1. Turn the knob on the back of the air pump anti clock wise to remove the pump cover.

2. Take out the accessory pack and install 2 x D batteries

3. Replace the cover and secure tightly.

4. Connect the air line to the outlet of the pump.

5. Connect the air line to the air stone.

6. Where possible place the pump above the aquarium or bucket

---

7. If that is not possible, fit a check valve to the air line to prevent damage to your pump and void your warranty.

8. Flick the switch to the "on" position to operate the pump.
