

MiniReef

The Aqua One MiniReef is a complete reef aquarium system consisting of high quality accessories that help to provide an ideal habitat for marine fish and corals. The in-sump filtration system keeps equipment out of sight, providing optimum viewing conditions for your aquarium.

Suitable for: Marine & Coral Reef

Features & Benefits:

- Inbuilt filtration system eliminates unsightly piping running from outside of tank to filter unit. Comes with an Aqua One Filter Sock.
- The included protein skimmer is designed to easily and effectively remove organic waste from aquarium water. The needle wheel impeller reduces bubbles size, increasing contact area between air and water, maximising efficiency. Simple accurate control allows you to adjust the output quickly and easily. The result is cleaner, clearer and healthier aquarium inhabitants.
- The included light unit provides an energy efficient lighting solution that enhances the colours of fish in the aquarium, whilst providing a spectrum that enhances coral growth. The light bracket is adjustable.
- High quality low iron white glass to ensure optimum clarity.
- The overflow has a black acrylic cover with lasered overflow grill. The tank has a black vinyl laminate to enhance tank depth and hide unsightly cords.
- Cabinet included.
- Refugium section available in the MiniReef 120.

1400L/hr / 20W (ProSkim G216)	2200L/hr	25W LED	200W Glass Heater

Notes, Hints & Tips:

- Check and replace your filter sock regularly. Once the sock is soiled, it should be replaced. Always keep a replacement filter sock (#50103) on hand.
- It is recommended that you use a high quality glass cleaner and a non abrasive lint free cloth. Glass cleaner should only be used on the outside of the aquarium. To clean the glass on the inside of the aquarium, it is recommended that you use an Aqua One Scraper or Magnetic Cleaner.

Warning and Disclaimers:

- Read and follow all the instructions, even if you feel you are familiar with the product, and find a place to keep the instructions handy for future reference. Your attention is drawn particularly to the sections concerning "IMPORTANT SAFEGUARDS" and "GUARANTEE CONDITIONS". Please ensure you retain your original purchase receipt in the event that guarantee service is required.
- Do not use the appliance for reasons other than the intended use. The use of attachments that are not recommended or sold by the manufacturer may cause the product to be unsafe and should be avoided.
- All products are supplied with fitted plugs. This plug should not be tampered with in any way or removed. Removal or tampering with the plug invalidates our guarantee offered with this product.
