

## Scraper MultiClean Tool (Extendable)

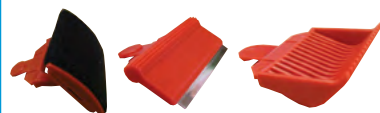

**C**leaning aquariums just got easier... Aqua One Scraper MultiClean is a multi-function aquarium cleaning and maintenance tool, keeping your aquarium clean and shiny! It's interchangeable head gives you three applications in ONE tool.

**Suitable for: Goldfish, Tropical & Marine**

**Suitable for: Glass and acrylic aquariums**

### Features & Benefits

- Interchangeable head allows three applications in ONE tool
- Swivel polishing pad to clean walls of glass and acrylic aquariums
- Gravel rake to tidy gravel displaced by fish activities or gravel cleaning
- Stainless steel scraper to scrape stubborn algae from glass aquariums (*not suitable for acrylic aquariums*)
- Compact design and quality construction
- Easy access to hard to reach spots
- Adjustable length to reach deeper aquariums without getting hands wet

### Product Price & Technical Specifications

Item Code	Description	Dimensions
