

Multi Purpose ROC Cabinets

The Multi Purpose ROC Cabinet is the perfect partner for suitable sized aquariums and terrariums. The ROC cabinets are designed with traditional aquarium and terrarium market standard sizes in mind.

The functional yet stylish cabinets provide plenty of storage space for aquarium accessories and technical equipment

The gloss black and walnut textured finish offers a modern and attractive design that compliments the décor of any interior space.

Suitable for: Aquariums & Terrariums

Features & Benefits:

- Features generous storage space for aquarium accessories and aquarium technical equipment.
- Offers strength without compromising on style.
- Functional and stylish to suit modern décor.
- Sleek 'handle free' design with push to open doors.
