

## Aqua One Quick Drop Test Kits

Regular testing and maintenance of water parameters is important for the health of fish, plants and coral. Aqua One test kits make it easy to balance a range of organic compounds helping to maintain a healthy aquarium.

**Suitable for: Goldfish, Tropical & Marine**

### Product Price & Technical Specifications

Code	Description	Testing Range	Efficiency	Suitability
92051	Freshwater PH Test Kit 4.5 - 10	PH 4.5 - 10	up to 60 tests	Coldwater and Tropical
92052	Marine PH Test Kit 7 - 9	PH 7 - 9	up to 60 tests	Marine water
92053	Ammonia Test Kit NH3	0 - 10.0 ppm	up to 60 tests	Coldwater, Tropical, Marine
92054	Nitrite Test Kit NO2	0 - 2.0 ppm	up to 60 tests	Coldwater, Tropical, Marine
92055	Nitrate Test Kit NO3	0 - 40 ppm	up to 60 tests	Coldwater, Tropical, Marine
92056	Phosphate Test Kit PO4	1 - 4.0 ppm	up to 60 tests	Coldwater, Tropical, Marine
92057	Carbonate Hardness Test Kit KH	+ 1 DKH	up to 60 tests	Coldwater, Tropical, Marine
92058	Iron Test Kit Fe	0 - 2.0 ppm	up to 60 tests	Coldwater, Tropical
92059	Calcium Test Kit Ca	+ 40 ppm	up to 60 tests	Marine
92060	Copper Test Kit Cu	0 - 2.0 ppm	up to 60 tests	Coldwater, Tropical, Marine
